Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above-named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the only LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfillment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(signed) † JOHN B. FITZPATRICK,
Bishop of Boston."

NEW AND IMPROVED
SEWING MACHINES.
THE AMERICAN
Magnetic Sewing Machine Co.,
NOW OFFER FOR SALE AT THEIR ROOMS
307 Broadway, N. Y.,
By far the most perfect and valuable Sewing Machines that have yet been invented.
THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.
It is the result of three separate inventors, each of whom distinct in himself claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—
1st. It is extremely simple in its construction, and in no way liable to get out of order.
2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.
3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.
4th. Any and all kinds of work can be done on this machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.
5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.
6th. The length of the stitches can be graduated with mathematical exactitude by the operator, from the fine and delicate stitch requisite in shirt making, linen, bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.
7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.
The American Magnetic Sewing Machine Co., Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with care
FIVE HUNDRED STITCHES PER MINUTE!
For further information please call at the rooms of the Company, or address the Secretary at the office, 307 Broadway. JAMES T. AMES, President.

The Wisconsin Land Grant Tabled.

By a Washington despatch which failed to reach us on Tuesday evening, but which we find in the Chicago *Press*, we notice that the Wisconsin Land Grant was laid on the table on that day, by three majority, amidst great excitement.

THE LIQUOR BILL.—In Assembly, on motion of Mr. Noggle, on Tuesday, Messrs. Knowlton, Remington, and Worthington were appointed the committee of conference on the part of the Assembly.

MINNESOTA LAND BILL. The vote in the House of Representatives on tabling this bill was 120 to 66.

More of the Slave Case—Arrest of Mr. Booth.

Mr. Booth, of the *Free Democrat*, was arrested yesterday, on a warrant from the U. S. Commissioner WINFIELD SMITH, on the charge of "aiding and abetting" in the escape of Joshua Glover, the fugitive slave, on Saturday. On the motion of his counsel, the hearing was postponed till Tuesday of next week, Mr. Booth being allowed to go at large on parole.

If the federal authorities about here are anxious to keep up the excitement in relation to this subject, they have just hit upon the way to do it.— If they are determined to keep our city in a ferment for months, as Boston and Syracuse have been been excited, and with the result, *to wit*, bad feeling among the citizens, and large expense to somebody, with no good to arise from it all, they are in a fair way to accomplish this end. Whether it is worth while for them to go through so much to accomplish so little, is for them to say.

Fox River Valley Branch Railroad.

Take a map of Wisconsin and Northern Illinois, —one which has marked upon it the railroads completed, in progress, and on which work has been already done—and lay out upon it a line of 25 miles only, leading from Milwaukee to Rochester, Racine Co. What would such a railroad be worth to Milwaukee? Even in these times, when our city is stretching out its arms, not as rapidly as could be wished, but still *surely*, to the west and northwest, and north, this *southwest* line will be found of very great importance to us, for reasons good, and among others the following;

1st.—It would bring to us a large share of the trade and travel of the western part of Racine and Kenosha counties, and much of Walworth Co., because it would be the shortest line to the most extensive market.

2d.—It would connect at Rochester with the main trunk of the Fox River Valley R. R., for which the farmers of the south 18 miles have subscribed in good faith $100,000 of stock, and which 18 miles will be immediately put under contract. That road, already so far a railroad, connects at the state line with another leading south into McHenry Co. Ill., a county which has heretofore marketed largely in this city, and which even now, when the roads are good, does trade largely here by teams, even though it has a railroad leading to Chicago.

3d.—It would connect at Burlington, with the Racine and Beloit R. R., which is advancing to completion, thus bringing back to us much of the trade of Beloit and the surrounding country, which a railroad connection is now taking to Chicago. Further, at Beloit, the connection extends southwestwardly to Freeport, and so to Galena and to Rock Island, giving our merchants an opportunity to compete with others for the trade of a vast agricultural region; and, on the completion of the air line road across Michigan, making this the most favorable, because the shortest route to and from the East.

4th.—Such a road, it is evident, would, did it never pay a dime of dividend, be of great importance to our city in the trade which it brings within our reach; but its vast lumbering and merchandize trade outward for the supply of a rich county and its produce trade inward, would make a *paying* road, like all the other western roads.

We have stated these points briefly, for the present. Now, *can* we have such a road? is the question. After having examined the subject carefully, and after some correspondence and personal conference on the part of our citizens with those who control the F. R. V. R. R., we are satisfied *that there are no drawbacks on the part of the latter*, but an earnest desire, on the contrary, *to build the branch*. All that is needed is that our citizens take hold and help themselves, by helping to build the road, and we have reason to believe that they will have an opportunity of doing so in a few days. So important do we deem this road to our city, that, without instituting a comparison of it with any other road, we believe that a liberal subscription of stock by the corporation would be well made, and bring prompt return.

DEPUTY STATE OFFICERS.—A billl is pending in the Assembly for the appointment of a Deputy State Treasurer, and the increase of the salary of the Deputy Secretary of State to $1000 per annum.

The Treasurer is necessarily absent from his office, selling School Lands. It seems to be required that his place should be filled by one laboring under greater responsibility than that of an ordinary clerk.—*Madison Democrat.*

The salaries of these deputies not only, but those of the officers of state, ought to be increased. Our State Treasurer, giving bonds to the amount of $100,000 for the safe keeping of hundreds of thousands, is allowed by law the pittance of $800 per annum; and the Secretary of State's office have been burdened with so many matters not properly belonging to his department, that several clerks are obliged to labor night and day to accomplish all that is demanded of them. They ought to be paid just and liberal salaries; and the state would make money by it.

THE FIRE AT PORT HURON MICH.—The letter from Port Huron informs us that the fire announced by telegraph was very destructive. The block was occupied by E. R. Sweetser, Sweetser and Sanborn, Bockins, and A. & H. Fish. The fire is ascribed by the writer to the Anti-Maine Law men, as a warehouse and a dwelling house, belonging to two leading temperance men, were set on fire the same night. The town was in great excitement, and many arrests had been made.

The Garland Case Dismissed at Racine.

The Racine *Advocate* of yesterday morning says:

The case of the people against the mancatcher Garland, has been dismissed. As the people of this city have no malice to gratify, and no revenge to satiate, this course has been deemed best. The people of Racine are the most tolerant of injuries, and the most law-abiding community that can be found anywhere, and fearing that it would be unsafe in the present excited state of the public mind, for the perpetrator of the recent outrage to show his head in this vicinity, they take this magnanimous course to show to the world that they are above petty spleen, and are satisfied with a vindication of righteous law.

Legislative Matters.

CORRESPONDENCE OF THE SENTINEL.

Madison, March 13.

In Assembly, Mr Worthington introduced a resolution to amend the rules so as to convene the Assembly at 9 o'clock A. M. Laid over, but will doubtless be adopted. Mr. Harrington offered a resolution that with the consent of the Senate, the two Houses will adjourn on Monday the 27th instant, which probably will not be adopted.

Bills introduced as follows—By Mr. Parkison,—A bill to extend the provisions of Chapter 120 of the revised statutes to laborers on, and persons furnishing materials for Rail Roads. (Chapter 120 is the lien law.)

Mr. Knowlton,—To amend Chapter 28 Revised Statutes.

Mr. Nichols,—Relating to the election of Corporation officers in the town of Berlin in Marquette County, and *passed*.

Mr. Wheedon,—To amend an act to authorize Henry Thien, to build a dam across the Milwaukee River, and *passed*.

Mr. Scott rose to a question of privilege. He read a portion of an article in the *Wisconsin*, stating that a certain member of the Assembly whose locks were silvered over with age, and who was a prominent advocate of the prohibitory liquor law, was in the habit of taking his morning bitters at his hotel, until he found they were to be charged in his bill &c. and which article was signed, "Sioux," which the Honorable member pronounced Si-ox. Some merriment ensuing, the gentleman on the floor expressed his doubts whether he had given the correct pronunciation. Soo,—Soo,—Si-ox—Si-ox—Soo, Si-ox—Si-ox—Si-ox, responded from all parts of the House, and Si-ox evidently had it. Mr. Scott went on to illustrate the statement of Si-ox by an anecdote of Chancellor Kent, when the counsel supposed his Honor to have stolen a horse; and added that it was not a supposable case that he took his bitters under any circumstances, nor that he would refuse to pay if he had. Were the same statements made respecting Si-ox their truth would be quite probable. He did not propose to make any motion in relation to it. He supposed it was intended as one of the jokes of the season, and all he wished to say was that it was nothing but a joke, without any foundation in fact.

Mr. Orton moved that Mr. "Siox" be expelled from this floor. Ruled out of order.

Mr. Knowlton, from the committee on the Judiciary, made a report on the memorial of Hon. George W. Jones, relative to his ferry across the Missisippi river at Dubuque. The position taken by committee is, that the Mississippi river being a public highway, by paramount law, any person has a right to traverse it in any direction, for the purpose of ferrying or any other business, without any act of the legislature, and so long as they do not trespass on the property of others in landing, no law can restrain any one from so doing.

Mr. Hull, from the committee on Rail Roads, to whom had been referred the bill to repeal the charter of the Wisconsin Central Rail Road, made a report recommending that the bill be indefinitely postponed. The report states the whole amount expended by the company and for which they had become liable by contract, at $85,000. The report of the committee was agreed to, and the bill indefinitely postponed.

Mr. Hull, from the same committee, in another report, strongly recommended some check upon the granting of Railroad charters. This is a question requiring the serious consideration of our legislature. The future consequences of granting all the Railroad charters that are asked for, without respect to the probability or possibility of their ever being built, may be very serious and may, in the end, greatly embarrass necessary and feasible improvements of this nature, if they have not already had this effect.

The liquor bill again made its appearance in the Assembly, the question being, will the Assembly concur in the amendment of the Senate to the amendment of the Assembly.

Mr. Noggle raised a question of order as to whether the amendment of the Senate was an amendment to the amendment of the Assembly, and a motion was made to refer the bill to the Judiciary Committee for their opinion. The chair decided that it was not competent for the Assembly to decide upon a question of order originating in the Senate. This position of the speaker was sustained by gentlemen who spoke on the subject, but some of them, Mr. Donaldson in particular, wished it might be investigated as a question of fact for the satisfaction of the Assembly. This is the light in which I wish'd to be understood in speaking of this question of order in a recent letter. Of course, each House is the sole judge of its own questions of order: and in fact, the Senate did modify the matter struck out by the Assembly. The reference was not made.

Mr. Orton moved to amend the amendment of the Senate so as to fix the time when the law should take effect, on the first of February 1855. This was ruled out of order and an appeal was taken, Mr. Hull supporting the decision of the chair and Messrs. Orton and Noggle contesting it. They contended that the amendment of the Assembly to the Senate bill was an amendment in the first degree, and the amendment of the Senate was an amendment in the second degree and could not be amended. Mr. Noggle finally read from Jefferson's Manual that an amendment of one House to a bill from the other House was, so far as that House was concerned, an original part of the bill and an amendment to that by the other House was an amendment in the first degree and subject to amendment when returned for concurrence. The chair reversed his decision and entertained the motion.

Mr. Orton explained the object of his amendment to be to rid the bill of a constitutional objection. To determine the time when an act should be in force, was as much a legislative act as any other, and the amendment of the Senate made this time dependant on a vote of the people. If the vote were Yes, it should take effect in June, 1855; if Nay it should take effect in 1900; thus giving the popular vote the force and effect of a legislative act, which would be unconstitutional. Mr. Orton also wished to have the act reviewed by another legislature before going into effect. The next legislature would have power over the subject at any rate, and would amend or repeal it if not acceptable as passed by this legislature.

Mr. Noggle agreed with Mr. Orton on the constitutional question, but did not wish to treat the amendment of the Senate, (which he regarded as little short of an insult to the Assembly) with so much consideration as to attempt to amend it. He would prefer to non-concur in the amendment and let the Senate take the responsibility of insisting upon it. If the question should come to a committee of conference and it was thought desirable to extend the time a month or two before the law should take effect he would have no serious objections.

Messrs. Donaldson, Worthington, Wright and Knowlton spoke against the amendment as having the effect to postpone the question of a prohibitory law until the session of the next legislature. The question was then taken and the amendment rejected—Ayes 14, Noes 54. The amendment of the Senate was non-concurred in; Ayes 26, Noes 44.

The bill was immediately returned to the Senate and taken up by that body, which insisted on its amendment. Mr. Wakely moved a committee of conference and after various propositions for a specially constituted committee, all propositions of the kind were abandoned and the Chair was left to appoint the committee according to parliamentary custom. The committee consists of Messrs. Wakely, Smith and Reymert, on the part of the Senate. The Assembly has not yet voted to insist on its non-concurrence, but will doubtless do so to-morrow and appoint a committee on the part of the Assembly. Some say the Governor is trembling in his *bates* lest the bill should finally reach *him*, but I suspect this may be nothing but guess work, though it must be confessed it is rather a ticklish time for men who are ☞ looking away yonder! And I am the more inclined to think so, as His Excellency has this day adventured a veto on a bill to divide the county of La Crosse and organize the county of Monroe. His objections have not yet transpired.

This afternoon the Assembly has been hard at work in committee of the whole on the bill to provide for the taxation of all the property in the state. I am forcibly reminded, by this bill, on the constant tendency of legislation to vibrate from one extreme to another. In this case, I think we are to swing from a system of taxation loose in the extreme to one so odiously stringent as to defeat its own wise ends. I allude to the proposition to require every man to assess his own property under oath. When an assessor calls on me to say how much my house or farm is worth I think I should feel like giving him the same answer that Pat did the judge when he asked him if he were guilty or not guilty—"And what were you put there for but to find out?" But the answer will not let a man off as the judge did Patrick; not at all; he must answer or be hauled before a justice and fined. The committee of the whole have adopted an amendment allowing a man in certain practicable cases to expose his goods to the assessor and be quit of his oath.— But this does not obviate the objectionable features of the bill to a very great extent; but I will not adventure more on this topic till I learn more about it, when I may allude to it again. S.

JUDGE MILLER'S DECISION,

On the Discharge of B. S. Garland from custody of the Racine Co. Sheriff.

The writ of habeas corpus is not prohibited by the law for the extradition of fugitives; but other courts or authorities than those of the United States are prohibited from issuing it.— It is a law of the United States, and can only be administered by the United States Courts, judges, and commissioners; and none but judges can allow the writ of habeas corpus to enquire into arrests made under it. Such is the case, in regard to all other laws authorizing the issue and service of process. While persons are under arrest by virtue of process, from a state court, the federal courts cannot interfere; and so vice versa, except in such cases as these.— Nor can the courts of either government, by any warrant or process restrain the service of the process of the other. The judiciary of each government, is independent of the other; and the federal courts have in all instances endeavored to prevent any conflict between them.

On Saturday last, the day of service of my warrant for the arrest of Glover, and before his hearing, it seems by the return of Sheriff Morris, to this writ of habeas corpus, that a warrant was placed in his hands for service against Garland, the person who procured the warrant from me. That warrant against Garland, was issued on the information and complaint of one Charles Clement, for an assault and battery, alleged to have been committed by said Garland upon Glover.— The return of marshal Cotton, giving the reasons for his not producing Glover this day for his hearing, is filed in court.

The prisoner, Garland, by his counsel, called Cotton to the stand to prove the facts stated in his return, and the facts connected with the arrest of Glover, and that no more force was used that was necessary. The counsel of the respondent Morris objected to the hearing of Cotton, and declining calling any witnesses, or producing any evidence on the subject. It not being made to appear that this Charles Clement interfered in this matter, at the instance of Glover, or that there was any other trespass committed on Glover, or that he had any cause of complaint except the arrest; and Cotton's return, under oath, stating that no more force was applied than was necessary for the execution of the warrant, upon the objections of respondent I did not deem it necessary to re-hear Cotton. It also appears in that return that Garland was assisting him in making the arrest, at his, Cotton's, request. Upon these facts the decision is to be made.

The act of March 2, 1833, chap 47, 4 statutes at large, 632 says: That either of the justices of the Supreme Court, or a Judge of any district court of the United States, in addition to the authority already conferred by law, shall have power to grant writs of habeas corpus in cases of a prisoner, in jail or confinement, when he or they shall be committed or confined, in or by any authority or law, for any act done, in pursuance of a law of the United States, or any order, process, or decree, of any judge or court thereof, anything in any act of Congress to the contrary notwithstanding.

And if any person, or persons, to whom such writ of habeas corpus may be directed, shall refuse to obey the same, or shall neglect or refuse to make return, or shall make a false return thereto, in addition to the remedies already given by law, he or they shall be deemed and taken to be guilty of a misdemeanor, and shall, on conviction by any Court, of competent jurisdiction, be punished by fine not exceeding one thousand dollars, and by imprisonment not exceeding six months or by either, according to the nature and aggravation of the case."

Under this law this writ of habeas corpus was allowed. The law upon which I issued the warrant for the apprehension of Glover is a law of the United States; and by that law Garland could have arrested the fugitive without warrant and brought him to me for examination; but he preferred having a warrant issued to the proper officer; whom he accompanied and assisted at his request. Now Garland is a person having done an act, or was doing an act, in pursuance of a law, and also a process of the United States; and he comes within that class of persons, whose protection is provided for by the law above quoted.— And it is not pretended that any other trespass, or injury, was complained of by Clement, to have been committed on Glover, and it is proven that in making the arrest no more force was applied than was necessary to overcome the resistance.— The sovereignty of a state is asserted through its process; and while being served no other sovereignty or power can interfere. While the state sheriff has a man under arrest, upon a warrant or process, this court has no right to allow its officer, to arrest that sheriff and thereby withdraw him from the service of his process, and thus cause an escape, to his prejudice and also in derogation of the sovereignity of the state.

A writ of habeas corpus from a State Judge would require the instant discharge of that sheriff. This law of Congress, is nothing more than giving to the courts of the United States, the same power in regard to their officers and persons acting under their laws. But in this case Glover does not make complaint, nor does it appear that Clement was authorized by him to make it, or knew the facts. Clement is a volunteer in this matter without right or authorized. He may not even have the thanks of Glover, for his officious interference. Garland and the Marshal cannot be interfered with in the service of the warrant, nor now in the pursuit of Glover, who was rescued. The warrant issued by me had not been fully executed. The Marshal is authorized by it to hold Glover in custody, until he be discharged, or ordered into the custody of his master upon a final hearing. Glover has been rescued and is now at large, but is yet liable to be retaken by his alleged master, Garland, or by the Marshal upon that warrant. They have a legal right to enter upon fresh pursuit. By the law, the Marshal is liable to Garland for the value of Glover in the State of Missouri. Such being the case, the Marshal will feel it his duty to retake Glover, if possible, and he has a right to call upon Garland, to aid him in the effort.

The affair of the rescue of Glover was an outrage, but to deprive the Marshal and Garland from making full service of the warrant upon Glover, by the imprisonment of either or both of these persons, is a greater outrage. In this proceeding, upon this writ of habeas corpus, I do not pass upon the guilt or innocence of Garland, in regard to the matter alleged in the warrant against him. He is amenable to the laws of the State and liable to be tried in the Courts of the State; but, before he can be arrested for an act done in pursuance of a law of the United States, he must first have accomplished that act. If this case were reversed, as to the state government, the Marshal would not be permitted by me to hold Garland one minute in his custody. The prisoner must be discharged.

A certificate of discontinuance of proceedings against Garland before the Mayor of Racine was handed me by the Sheriff of Racine County immediately after the discharge.

☞ The Waukesha *Democrat* complains, and very justly, of the present time rates on the railroad, by which people from that quarter are obliged to take two days for a trip to this city and back, a distance of 20 miles. The complaint is just, and we hope to see a change speedily made.

NEW YORK, March 3.

Great fears are entertained for the safety of the ships Leviathan, Watrloo, Constitution and James Drake. The L. and W. cleared November 22d, both for Liverpool. The former ship, freight and cargo is valued at $900,000. The latter at 125,000. The Constitution cleared December 22d, for Havre and is valued at $270,000. The James Drake cleared for Cordiff, Wales, Nov. 26th, valued 875,000. Nothing heared from any of them since they cleared.

STEAMBOAT BUILDING IN THE NORTH.—The first steamboat that ever commenced to be built in this North-western country we believe is now being built at Osceola, by Messrs. Hume & Cummons. It is to be one hundred feet in length, and eighteen feet beam, is designed expressly for the St. Croix, and will run from Prescott and Point Douglas to the Falls of St. Croix. We congratulate Messrs. Hume & Cummons and wish them a profitable season.—*Madison Journal.*

Judge Miller's Decision.

MESSRS. EDITORS:

I cannot well refrain from a few remarks upon the extraordinary principles of law sought to be established by His Honor Judge Miller, in his decision of the Habeas Corpus case of Garland, as reported in the "News" of this morning.

Perhaps this is not the most appropriate time for uttering objections to the doctrines of the Judge. But, there are evils greater than popular excitement. Judicial errors, if allowed to take root, by acquiescence, are the most difficult to eradicate. The rights of the state as sovereignties, are of the highest importance. The states will be found at last, if occasion ever comes, to be the final refuge of liberty. There is little danger to them, from aggression by congress, because there the battle will be fought at the outset. But the danger is, from the slow, but constant inroads of judicial usurpation.

Judge Miller says, "it seems to me that a growing disposition is observable, on the part of the people of the States, to oppose the judicial authority of the general government." It is indeed so. But is it any wonder that it is so, when such extravagant doctrines of power in the federal courts, and of subserviency of the state courts, are broached and defended? The federal courts seem to forget that they are courts of limited and special jurisdiction only; and to forget, that to the state courts and to them only, is entrusted the liberty of the individual citizens. The people of the state should know, that, however they may suffer in their liberty, whatever oppression may be heaped upon them, the federal courts are utterly powerless to relieve them; that they have no power to unloose a rivet, to unbind a chain, or to open a prison door. That function rests solely with the state courts. Is it any wonder then, that the people of the states grow restive, when they see their own courts, to which alone they can look for protection, denied the exercise of the very means by which they can exercise their protecting power?

The Judge says, "the writ of Habeas Corpus is not prohibited by the law for the extradition of fugitives; (*this is certainly true*,) but other courts or authorities than those of the United States are prohibited from issuing it." Now, it is a very good way to test a principle of law, by its practical operation. Law is eminently practical and remedial, and by its adaptation to ends of that character is a proposition to be judged. Let us then test the doctrine of the Judge. He issues a warrant for the arrest of a fugitive. The arrest is made. The alleged fugitive claims that his arrest is illegal. The warrant may want essential requisites, in short it may be void. To whom shall he apply for the writ of Habeas Corpus? To the very Judge who issued it? This would be placing our liberties in a worse condition than those of the Macedonian, who could appeal from Philip drunk to Philip sober. It is plain that there is no United States authority to apply to; and that the only means of redress is in the state courts. Strike down this right of the state courts to inquire into the cause of imprisonment of the citizen, and the liberties of the citizen are gone, and gone forever. The State is bound to see that no one, entitled to its protection within its limits, is restrained of his liberty or taken without its limits, but by competent authority. No power on earth has the right to imprison its citizens, except by that power delegated to the federal government, and the state has a right to demand of that government to show, and the state is bound to inquire and to know, that such imprisonment is within the scope of the power thus delegated. Again I say, let the people abandon their state courts, and consent to their being disarmed of the writ of Habeas Corpus, and their liberties are gone.— Not only the liberty of the citizen, but the sovereignty of the state requires a firm resistance to this monstrous assumption of power on the part of the federal courts.

But to the case. I propose at this time to point out only one or two of the false positions of the Judge. It seems the warrant against Garland was for a criminal offence against the laws of this state. A writ of habeas corpus was issued by judge Miller to take the defendant out of the custody of the sheriff who had arrested him on the warrant; without stopping here to enquire, whether the act of congress of 1833 can ever apply to such a case, it is clear that the judge thought the alleged assault and battery consisted in an abuse of process. It is a well known rule of law, that when an officer executes his writ oppressively, or in making an arrest uses more force than is necessary, he becomes a trespasser from the beginning, and his writ is no justification. Garland and his compeers had knocked down Glover and cut his head open, and the assault and battery consisted in doing these acts unnecessarily.

If these acts were unnecessary, they were not acts done "in pursuance of a law of the United States or any order, process or, decree of any judge or court of the United States." The warrant of Judge Miller did not command the Marshal to break the head of Glover. That act was not in pursuance of any U. S. authority! How then does the Judge get jurisdiction to try this fact? A marshal cannot beat, wound and maim, in the execution of a process of the U. S. on state soil, and escape responsibility to state laws. How then did the judge try this fact, whether the beating and knocking down, and cutting of scalps was necessary or not? If not necessary it was a crime against the state. And Judge Miller tries this crime *by the return of the Marshal!* for he says that "Cotton's return states that no more force was used than was necessary to execute the warrant." This is strange doctrine in lawyer's ears. The return of an officer is evidence for certain purposes. But no return, or part of return, is evidence unless it is required by law to be made. Who, before this, ever heard of an officer making return that he had used no more force than was necessary? And who before ever heard of judicial notice being taken of such a return? I say nothing here of the palpable fact, and the palpable trickery and dishonesty of the fact, that this portion of the return was made for the occasion of Garland's benefit. But I cannot avoid confessing my shame that it should have been judicially noticed. The fact is, it was not the least of kin to evidence. But according to this, if a marshal commit robbery, arson or murder, while executing U. S. process, and if arrested, he is only to return upon his writ that he had used no more force than was necessary, and the federal judge nullifies the power and laws of the state and sets him scot free.

But there is no difficulty in avoiding collision of jurisdiction. While a U. S. officer acts within the scope of his authority he is protected by his process, if his process be legal. But if his process be not legal, or if he abuse his authority and thus becomes a trespasser *ab initio*, or if he commit a crime while executing process, he is not thereby protected, but is answerable to the laws of the state which he has violated. The U. S. courts have no power to try him for a crime committed in the state; the state court alone can try him; nor does process from the federal court, give him a license to run riot through the state, trample upon its laws civil and criminal, and seek refuge under the act of 1833.

Besides, it is an insult to the state courts to say that they will not properly and fairly try a marshall and give him his legal defence.

These unwarrantable assumptions will never be submitted to. They are not law. They are of recent invention, and the sooner the federal courts return to their appropriate, peculiar and limited jurisdiction, the sooner they will regain the confidence and respect of the community.

There an other point equally erroneous which I propose to discuss hereafter.

THE WASHINGTON MONUMENT.—Among the receipts for February for the National Washington Monument; we notice the sum of $418 85, being one day's pay of the Legislature of Massachusetts. Why cannot *our* Legislature imitate the praiseworthy example?

Fox River Valley Railroad.

ROCHESTER, March 10, 1854.

Messrs. Editors:

The letter signed "S" in your weekly of the 8th inst., relating to the Fox Valley Rail Road, would have occasioned some surprise in this section had not its source been readily conjectured. Of all the strange opposition which the Fox Valley project has been fated to meet, opposition from any one on the line of the proposed route was the least expected; and, consoling is it to know that such opposition can arise but from *one* man, and that the motives of that man must be nearly allied to the motives of the one of old, who betrayed his master for "thirty pieces of silver." It is consoling to know that, although your correspondent "S" proposes to speak for the people of Waterford, he only indulges in an old fancy to which we would suppose he had long since had sufficient occasion to bid adieu, that *he* is Waterford and that Waterford is nothing but *him*, so that "we Waterford folks," in the communication of "S," may be interpreted to mean nobody but that crooked letter of the Alphabet S. With this view of the matter, it is admissible, and it has been so understood in this section, that "we" did offer "to take the stock in the entire branch from Rochester to Milwaukee." But then it is not understood by the writer that such proposition has ever been made to the Fox River Valley Co. or to any parties who had power to receive such an offer; but was thrown out, in a casual way, under circumstances that led to the suspicion that "we" was the tool of some one of the original enemies of the road, who were endeavoring through him to get control of the company, to defeat its objects, or speculate out of its charter. The writer thinks he speaks somewhat advisedly, when he assures you, Messrs. Editors, that any offer, in good faith, from honorable and responsible parties, to build the branch from Rochester to Milwaukee, would be readily accepted by those who have the present control of the charter. The only refusal will be to place the power over that branch in hands that will defeat it, or make it a matter of delay and speculation.

Let the business men of Milwaukee move in the matter—those who desire the road for the sake of its benefits to the country and Milwaukee—those who bear *ripe fruit* in such matters, and not those who *blossom* only to conceal thorns, and I assure you, Messrs. Editors, the power to build the branch under the present Fox Valley charter, will be most cheerfully acceded to them by the present Company. "A Stockholder" from Burlington, in his letter in your paper preceding the communication of "S," has presented the true statement and indicated the true feeling in this section, in relation to the road, and the desired cooperation and action of Milwaukee. It had not been expected that this Road will stop here any length of time. The Fox Valley Road in Illinois is fast approaching completion to the line of our State; from which, to this place, there is already about $60,000 stock subscribed to grade the road, &c. and it will no doubt be speedily under contract. It will be put under contract thus far and no further, only because there will be no means in the hands of the directors further than to make this commencement. No one has agitated "stock" beyond Waterford. The main portion of the county between this place and Milwaukee is so situated in respect to present market advantages, that little stock can be expected from it, though no doubt under proper effort much can be realized. "We," of Waterford, may do *nothing*, but the people of Waterford and adjacent, will do all they can, and we believe that will not be little.

And now, gentlemen Editors, we will adopt and reiterate the closing enquiry of "S"—*Where are you Milwaukeeans?* This has long been an anxious enquiry in the mind of the writer, on this very subject. Delegations on this measure from this section have visited Milwaukee long ago, and have hardly been able to get an attentive hearing. The lamented Kendall (a more noble spirit seldom lives,) who may almost be said to have died a martyr to his zeal for the Fox Valley Railroad, was once one of such delegation, and exerted himself with others for two days in trying to engage the citizens of Milwaukee in favor of this road; and the writer well knows the feelings of that delegation, when, on the last evening of their stay in your city, they went to a place appointed, at which some of your prominent citizens had given encouragement to meet them, *and no one was there!*

Verily—They *then* felt, "*Where are you Milwaukeeans?*"

The indifference of Milwaukee to the immediate South West had been to some a matter of surprise. While she is pushing Rail Road lines within short distances of each other, northwest, into more new and wilderness portions of the State, her car can hardly be reached in any matter of the kind, aiming at the trade of the older settlements, south west. But there is a southwestern trade of some importance, which Milwaukee might once have controlled, and in which she yet can largely share, if she moves in this matter of the Fox Valley Road. And aside from the trade the road will command, we wonder that its importance is not perceived as a direct connexion with the vast web of Rail Roads which are covering the county south of Milwaukee, to the southern extremity of Illinois, giving to Milwaukee, as it will, quite direct and extensively varied connexions with a multitude of points, southwest and south, and also with Chicago and the east. In our estimation there is no twenty-five miles of road, that begins to be of equal importance to Milwaukee, with this Fox River Vallee Branch. Then, again, we ask—*Where are you Milwaukeeans?*

"The Fox River Valley Road will be a hard drain upon your city." Such is the commencement of the anomalous epistle of your correspondent S. We agree with him. Yes! build it, and, mark our prediction! it *will* be a hard drain upon your lumber yards, and upon your Grocery Establishments, and upon your Hardware Stores, and upon your depots of Wholesale Goods, as well as upon the establishments of your Manufacturers, Mechanics, and Artizans; while again, it will drain upon your city, *from the country*, a portion of the productions of as rich a country as can be found in the west.

Allow me, gentlemen, in bringing this hasty communication to a close, to hope that we shall not much longer, in relation to the action which this subject demands from your city, have to inquire—*Where are you Milwaukeeans?* R.

☞ The news was received here last evening that the President had removed Josiah A. Noonan from the office of Post Master at Milwaukee.— No event could have diffused more general satisfaction, and the rejoicings were highly demonstrated.—*Argus of 11th inst.*

This is none of our funeral, but it appears that Mr. Noonan has been weighed by "the *balance*" and found wanting in due allegiance to a certain clique just now dominant in the State. Hence the rejoicings of said clique over a report of very doubtful authenticity and as likely to prove entirely unfounded as otherwise. Their joy was evinced in a characteristic manner we are told, and in an appropriate place—a grog shop.—*Madison Journal.*

And the joke of it was that Mr. Noonan was'nt removed after all!

OFFICIAL DESPATCHES CONCERNING THE SEIZURE OF THE BLACK WARRIOR—STRONG MEASURE TO BE RECOMMENDED, ETC.

WASHINGTON, March, 1854.

Despatches were received this morning fully corroborating the circumstances attending the seizure of the Black Warrior at Havana. It is said that the President contemplates sending the despatches to Congress, and recommending, as the only method by which a stop can be put to the outrages committed by Spain against our citizens, that our neutrality laws with that country be suspended, and remain so at the pleasure of the Executive.

We cannot say whether this intention will be carried out or not, for under this administration almost everything fizzles out. If it were carried out, however, it is easy to understand that private enterprise, which would then cease to be "piracy," would, in less than sixty days, wrest Cuba from Spain, and put an end to Spanish power on this side the Atlantic.

Steam Tug.—W. A. KNAPP is building a steam tug for the purpose of towing rafts and barges on the river. He expects to have it ready for use by the middle of May.—*Oshkosh Courier.*

POLICE COURT—March 15.

Margaret Goetzen was brought up by Depy Sheriff Beck, upon the complaint of Julius F. Weber, a jeweler on East Water St., charging her with having feloniously stolen a gold ring, belonging to said complainant, worth $3,50. The defendant pleaded not guilty, and a trial was had before the court. The testimony showed the guilt of the defendant conclusively, and she was convicted and sentenced to four months imprisonment in the county jail. It appeared that she was an old offender, and was in jail all last summer, on the charge of stealing from Mr. Bousteel's store.

Bayard Taylor To-night!

Expectation is on tiptoe to hear BAYARD TAYLOR tell some of his stories of travel to-night. We might copy a sketch of one of them, from which we find in a Detroit paper. but prefer to let him tell it himself.

The Chicago *Journal* says of one of his late lectures in that city:

The lecture last evening by Bayard Taylor was one of the most interesting and instructive it has ever been our fortune to hear.—Long before the commencement of the address the hall was filled from one end to the other, and many were obliged to stand in the halls and passages. Mr. Taylor's reputation in Chicago, we should judge from the crowd that assembled to hear him, was highly flattering, and we are confident that however much was expected of him, all were more than satisfied. The nature of his theme—the Arabs—was such as to call out a large house, but very few could have treated of the subject in so masterly and entertaining a manner. Intimately acquainted with all the manners, customs, habits and characteristics of the Arabs, he happily embellished his lecture with that taste and grace of composition which marks all his writings, and is so plainly discoverable in his "views a foot" and letters to the N. Y. Tribune.

THE MAYOR'S INAUGURAL.—We expressed yesterday a dissent from some of the suggestions of Mr. Kilbourn's Inaugural, having reference to his remarks concerning the method of harmonizing the different railroad interests. As we are obliged to be brief to-day, we only say now, that however his plan may commend itself to the attention of any portion of our community, yet we regard this as a matter for the companies themselves to regulate, without any action from the Common Council. The Milwaukee and Mississippi is pledged, shoulders deep, to push on to Prairie du Chien, and the Watertown road to go straight to Portage City. Now, if any arrangement can be made by which a road can be put under contract running direct from Watertown to Madison, and so give us a straight line across the state, we are for it at once. So, too, we should gladly hail any arrangement with the Southern Wisconsin road which would lead us into the lead region. But it would be bad faith to our Columbia Co. friends, and to our Prairie du Chien friends, to look for a moment at any proposition which shall tend to delay the connection with them. We shall recur to this subject again.

SPRING ST. BRIDGE.—This handsome and substantial structure is completed, and was opened on Tuesday afternoon for teams. The first vehicle across was the splendid new omnibus of Mr. OAKLEY, drawn by six horses. The reannexation of the East and West side, is a subject of mutual congratulation. We felicitate ourselves in the possession of a graphic picture of the old bridge, taken by our accomplished daguerrian artist, H. S. BROWN.

UNCLE TOM'S CABIN.—Families and persons who cannot make it convenient to visit the Hall in the evening are reminded that there is an afternoon performance this day, at which the admission to children is reduced to 25c. There is also an afternoon performance to-morrow.

CONSTABLES. There being a tie vote for Constable in the 2d Ward between Fischer and NEWMAN, the parties untied the matter by drawing lots, according to law, and Fischer was the lucky man.

By the way, we are pleased to see that our old acquaintance, and good honest fellow, JOHN H. RYAN, has been elected Constable in the 3d Ward, almost without opposition, and has promptly filed his securities. We commend him to all who have occasion for his services.

☞ The fine schooner *D. Newhall*, fitted up for the season, has taken on 125000 brick, and only waits a passage through the draw of the new bridge at Walker's point, to be off for Chicago.

THE EX-OFFICERS.—At the last meeting of the out going Common Council, Alderman Prentiss offered the following resolution, which, as was just and right, was unanimously adopted:

Resolved, That Cicero Comstock, City Controller; Samuel O. West, City Clerk, A. H. Johnston, City Treasurer, and J. Stark, Esq, City Attorney, whose term of office expires this day, are fully entitled to the thanks of this Board for the industry, ability and courteous manner in which they have severally discharged their duties during the period of their appointment.

☞ MR. REED, Chairman of the Committee of Vigilance on Saturday, communicates to the *Wisconsin* the following record of their proceedings:

MILWAUKEE, March 11th, '54.

Proceedings of the Vigilance Committee.—At a public meeting held on the Court House Square, to consider the case of Glover, the alleged fugitive slave, the following persons were appointed a Vigilance Committee:

Herbert Reed, Mr. Schoeffler, S. M. Booth, J. S. Fillmore, John Furlong, James Nugent, E. Essellen, Avery Hill, F. Peacock, F. Fratney, E. Wunderly, F. Newkirk, A. J. Langworthy, L. Comstock, Byron Paine, R. E. Gillett, S. H. Martin, G. G. Dousman, G. F. Oakley, U. F. Briggs, J. Baker, T. O'Brien, Edwin Palmer, John Rycraft, R. J. Jacks.

The meeting was called to order by the Chairman, in the office of the Clerk of the Board of Supervisors.

On motion, R. E. GILLETT was chosen Secretary.

On motion, C. K. Watkins, L. Kennedy, S. E. Foote, H. Bond, and several others, were added to the Committee.

After remarks by various members of the Committee, the Chairman reminded them that the only duty of the Committee was to give notice if the prisoner was being removed without a trial, and that they, as members of the Committee, were in a measure responsible to each other, and should not advise or permit any violation of the law, and that no action, individually or collectively, should be had without a vote of the Committee.

Upon information being received that no proceedings would be had upon the writ of *habeas corpus* issued by Judge JENKINS, it was on motion—

Resolved, That Herbert Reed, Gen. Wolcott and C. K. Watkins, Esq., be appointed a Committee to wait upon Judge Miller, of the U. S. District Court, and advise him of the state of excitement, and request a hearing of the prisoner this P. M. and definitely inform him that this Committee would guarantee the safe conveyance of the prisoner from the jail to the Court Room.

In the absence of the Chairman, L. KENNEDY was chosen Chairman, *pro. tem.*

After a short absence, the Committee reported that they had conferred with the Judge, and that he had fixed the time of the trial of the prisoner at 10 o'clock Monday morning, and assured the Committee that no one had a right to remove the prisoner without his order, which should not be given.

On motion, C. K. WATKINS, Esq., was requested to inform the citizens of the decision of the Judge.

After full discussion, it was determined by the Committee that they, either as a Committee or as individuals, should not counsel or permit any violation of the law.

The Committee then adjourned to meet again in the evening.

HEBBERT REED, *Chairman.*
R. E. GILLETT, *Secretary.*

Steamer *Cleveland* from Detroit arrived at her dock here at 6½ o'clock A. M., found little or no ice. Three sail vessels in sight of the Harbor.—Erie difficulty settled. A bill has been prepared in committee of the Pennsylvania Legislature, said to give satisfaction to all parties by which the Cleveland, Painesville and Ashtabula roads agree to construct a road from some point west of Erie—this to connect with the Sunbury road at Meadville—no doubt of its passage by the Legislature. The Camden and Amboy Rail Road.

An opinion was unanimously given this morning in the Supreme Court that the 14th section of the Liquor Law, that the seizure and destruction of liquor is unconstitutional. The decision does not affect the other sections of the law.

THE BLACK WARRIOR AFFAIR.

WASHINGTON, March 14.

Dispatches have been received from the Cuban authorities at Havana of the most important character. Regrets have been expressed that the Black Warrior had been seized, and it is believed, that ample compensation is offered. The President, it is now believed, will settle the difficulty without action on the part of Congress. No message on the subject has been sent into Congress to-day; none expected.

A dispatch from Washington, in the Times, states that a powerful influence was, yesterday, brought to bear upon the President to induce him not to recommend a suspension of the neutrality laws in relation to Spain.—A majority in the Cabinet was decidedly for it.

Mr. Delano arrived at Washington from Havana with additional dispatches relating to the Black Warrior.

The Cabinet is said to stand thus:—Marcy, Cushing, Davis and Campbell for decisive measures against Spain. Guthrie and McClelland doubting.

CONGRESSIONAL.

The Wisconsin Land Grant Tabled.

Washington March 14.

SENATE.—Mr. Everett presented the memorial of the New England clergymen against the Nebraska bill.

Mr. Douglas called for its reading. He said it was not respectful to the Senate, and he desired a ward upon it. He then in a very strong language condemned the statements of the memorialists, pronouncing them atrocious slanders.

HOUSE.—Mr. Appleton asked leave to present the remonstrance of the N. E. Clergy against the Nebraska Bill.

The Wisconsin R. R. bill has been *tabled in the House by a majority of 3.* The excitement was intense when the result was announced. A motion was made to reconsider, pending which the House adjourned.

By the George Law we have late Panama papers. The Panama Star of the latest date has the following important intelligence from Western Mexico.

By the steamer California we learn that the inhabitants of Acapulco and all that portion of Mexico were in a state of excitement in consequence of a revolution which had recently broken out among them.

It appears that the inhabitants of this and some of the bordering States have taken arms under Gen Alvarez, and declared thousands as free and independent—are ready to enforce it if necessary.

SENATORIAL DIGNITY.—In his closing harangue in the United States Senate on Friday night, Mr. Senator Douglas declared that the first time he ever heard of Mr. Fessenden, the new Senator from Maine, he "read in a Maine paper some years ago, that on the fifth of July—the day upon which the negroes celebrated the fourth in that State—the negro chairman proposed the following toast—'Our sardy brudder, William Pitt Fessend n—a WHITE man with a BLACK heart.'" It is a disgrace to the American character and the American name, that a man who thus greets a brother Senator on his first appearance in what ought to be the most courteous and dignified body in the world, can aspire to the Presidency. A man who can thus sink the Senator in the madman, who can thus stoop from the gentleman to the blackguard, should never be permitted to look upon a post which has been filled by Washington.—*Springfield Republican.*

PREPARATIONS are making by our vessel owners for a vigorous commencement of the lake trade. *The Challenge* and *Gesine* have been painted and overhauled, and look as good as new. The *North Yuba* has had the length of her spars reduced, and some other changes in her rigging, and the *Wm. Jones* is undergoing the renovating influence of paint.—We wish the fleet a long season and successful one.—*Manitowoc Herald.*

HON ZENO SCUDDER OF MASS.—This gentleman has been prevented by ill health from taking his seat in the present Congress. There is no present prospect of his recovery, and as every Northern vote as likely to be needed to avert the threatened Nebraska outrage, he has resigned his seat that it may be filled by some one able to be present.

Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

SPRING COMES IN UPON US THIS MORNING, and no doubt we all hail it with pleasure. Yet we have no complaint to make of the winter that has just passed, for we have all enjoyed health and prosperity; but new ideas, and new designs, and new promises always follow with the fresh breezes of Spring. We are now ready to enter upon our duties with delight, and forget and forgive the past, and in view of it all, I would remind my old and new acquaintances that I continue in the

General Auction and Commission Business,

at the old stand, No. 143 East Water Street, (where I have been for years,) ready to attend to all business of every character and description, which may be given in my charge.

I have been engaged for a long time in said Auction Business and have endeavored to do right, yet in many instances, I may have erred. My arrangements for the present year will be somewhat different. I design to finish off the Second Story, with a Stairway from the Front, for a

REAL ESTATE ROOM,

where a Register will be kept of all the Real Estate which may be left with me for sale, and their prices. The Lower Room will be appropriated to the General Auction and Commission Business in all its various branches, and at as low a rate as it possibly can be done. As for Promptness, I presume no one can complain. As for References, you can select any one in our City.

I now call your attention to the Valuable Real Estate, which is left with me for sale:

INSURANCE, &C.

WISCONSIN General Insurance Agency

—FOR—

Life, Fire & Marine Insurance.

HARTFORD LIFE INSURANCE COMPANY.

CAPITAL - - - - $400,000.

THE TIME HAS GONE BY WHEN THE ADVANTAGES of Life Insurance need an argument. It is already a settled conviction among the best informed that a man without much property, who has others dependent upon him, or a man engaged in any hazardous business, or a man whose property is encumbered so as to require forced sale in case of his death, has no more imperative duty resting upon him than that requiring him to have his LIFE INSURED. Think of those innocent objects of our solicitude, struggling alone with the cold charity of a merciless world! when a few dollars saved by curtailing NEEDLESS expenses would give them a competence.

PIG IRON.

1,000 Tons Number One Iron.

The Iron is of good quality and superior to Scotch Pig for most purposes. mr1d3mow6mo

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

THE

BUFFALO EAGLE IRON WORKS CO.

Propose to pay Particular attention to

Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and is arranged before erecting in the building. may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutters) with estimate for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what is its cost.

When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

PATENT MEDICINES

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We warrant it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixir; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach; those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and AGUE POWDERS

The only sure remedy ever known for Chills and Fever, warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less; and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr. Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and he is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufactures D. pot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

Coughs, Colds and all Lung Complaints!!

HUNTER'S CELEBRATED

Pulmonary Balsam or Cough Syrup,

PREPARED BY

CURTIS & PERKINS, DRUGGISTS,

BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

HENRY'S INVIGORATING CORDIAL,

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a Tonic Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEARS VIEW, of the workings of the American Government. Published by D. Appleton & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will form a complete work by itself, containing about 700 double column, royal 8vo pages, and a superbly engraved portrait of Senator Benton.

Price $2.50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so, at their residences and places of business throughout the city and county. jan12

DOCTOR D'S

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system [illegible] well known to need any comment. All who have [illegible] of advice or attention from Dr. D. may confide [illegible] him, with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made, where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising in their various shades, gonorrhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

DR. HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and every thing that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar: will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia."

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

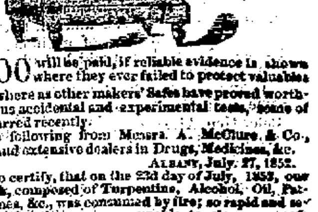

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

Fire King Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found unhurt.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.
ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson; No. 7, single flange Safe, and that the same was subjected to a severe test on the 19th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.
